

## June 2011, Volume 45, Number 1

The ACM Special Interest Group on Information Retrieval (SIGIR) publishes SIGIR Forum. It is distributed to members of SIGIR and to subscribers. SIGIR Forum serves as a medium for the dissemination of several types of informal contributions of general interest to the SIGIR membership and the IR community at large, as detailed in the "Editorial Policy of SIGIR Forum" (see inside back cover). Unless specifically stated, its contents do not represent the official position of the Special Interest Group on Information Retrieval or the Association for Computing Machinery. Contributions to SIGIR Forum appearing in this issue are un-refereed unless otherwise indicated.

Membership in SIGIR is open to members of ACM and to others for \$30 per year, with student membership available for \$15 per year. A subscription to the *Forum* without ACM or SIGIR membership costs \$30 per year.
